HOW WE WORK WITH SCHOOLS

Our partnership approach makes working with Love2Learn straightforward and transparent.

CASE STUDY: FLEXIBLE, COLLABORATIVE SUPPORT LEADING TO GCSE SUCCESS

When a **specialist school** contacted us, several of their **students** were **unable to attend** due to **high levels of anxiety**.

We worked closely with senior leaders to design **individual programs** of support for each student. Some responded best to **online** tuition, while others benefited from **in-person** sessions with our **specialist tutors**.

These students received **one-to-one tuition** for the remainder of their Key Stage 4 provision, enabling them to sit their **GCSEs** with **confidence**.

Every student who **sat GCSEs** and had received support from Love2Learn **passed**, and all were **able to move on to the post-16 provision of their choice**.

OUTCOME

100% GCSE pass rate among supported students, all progressing successfully into post-16 education.

WHAT SCHOOLS SAY
